Gift Collection Edition Two

The second edition of the Pierre Cardin Gift Collection introduces premium-quality accessories and exceptional mechanical pencils to our exclusive, fashion-inspired gift range. Each embodies our incredible attention to detail and commitment to cutting-edge design.

# New for Edition Two

We are proud to introduce a selection of incredible new lines for Edition Two of the Pierre Cardin Gift Collection. These carefully curated additions have been chosen to complement our range while offering new ways to impress and inspire.

Our exclusive range of premium Accessories includes executive conference folders, data-protecting travel wallets and a wireless charging mouse mat. Our Geneva Conference folder melds style and technology thanks to the hidden power bank incorporated into its innovative design.

Beautiful new Mechanical Pencils now join our writing instrument range. These in-house designed pencils embody our unwavering attention to detail and unwillingness to compromise.

For an aspirational gift sure to impress any recipient, our new Gift Sets represent the very best of the Pierre Cardin Gift Collection. Pens, accessories and notebooks have been specially selected to complement one another and are presented in premium, Pierre Cardin-branded gift boxes.

Whatever your gifting requirements, you are sure to find something to impress and inspire in our exclusive Pierre Cardin Gift Collection.

# The Pierre Cardin Gift Collection

Our Pierre Cardin-licensed collection is an exclusive range of premium gifts. Our team of passionate designers have developed an exceptional range of writing instruments, notebooks and accessories, inspired by contemporary French design and utilising the latest manufacturing technology.

# Precision Manufacturing

We are confident that with every Pierre Cardin gift, the high-quality manufacturing and precise workmanship will be readily apparent. From hand-machined detailing to the adoption of the finest materials, the Pierre Cardin Gift Collection are extraordinary gifts sure to impress.

# Personalisation and Gifting

Whether it's a ballpoint pen with laser engraving or a notebook with a beautifully debossed design, our personalisation service uses the latest technology for precise results on short lead times. Add a personal finishing touch to any item in the Pierre Cardin range for a gift sure to make a lasting impression.

LU S T F O R L I F E

Pierre Cardin®  
PARIS

## Pierre Cardin Lustrous Range

The quintessential statement of classical style and elegance from Pierre Cardin. The Lustrous Ballpoint Pen, Pencil and Rollerball are manufactured from polished brass, hand-tooled to produce a guilloché finish and triple-plated in 22 carat gold or chromium. Each cap is manufactured and adjusted to pair precisely with the lower body for the perfect fit. The clip is forged from an individual ingot of brass before being hand-polished and electroplated to match the pen casing.

The pen refills contain archival quality German Dokumental™ ink and a Swiss tip for a lifetime of smooth writing, while the pencil features high-quality 0.7mm Japanese HB lead. Each Lustrous writing gift can be supplied separately in a Pierre Cardin-branded foil sleeve or as a set in a beautiful presentation box.

The upper part of each writing instrument incorporates a smooth panel for personalisation. We recommend laser engraving with black infill for the greatest visual impact and longevity.

- Brass Finish Laser Engraving
- Chemical Black Finish Recommended
- Laser Engraving Area: 30mm x 6mm
- Colours Available
- Gift Wrapping Available

Twist-Action Ballpoint Pen Twist-Action Mechanical Pencil Capped Rollerball	Gold or Chromium Plated Brass	Laser Engraving	Black, Blue	4,000 Linear Metres (Ballpoint Pen)

EXCEPTIONAL QUALITY

## Belfort Ballpoint Pen

Manufactured from hand-polished brass, this twist-action Ballpoint Pen's weight and balance exudes quality and craftsmanship. From the hand-machined linear guilloché finish on the barrel and upper body to the electroplated clip, machined from a solid ingot of brass and secured by two concealed rivets, it is immediately apparent this pen has been created for the most discerning client. You can choose from electroplated chromium, electroplated gunmetal and a combination of chromium and black enamel.

A plain panel is provided on the upper body for printing or laser engraving if branding or personalisation is required. A distinctive feature of the black enamel version is the mirror finish engraving service that can be provided by Pierre Cardin to match the polished chromium trim.

Each pen is provided with a metal refill manufactured from brass with a Swiss tungsten carbide tip and German Dokumental™ ink. This combination provides an astonishing four thousand linear metres of writing. Each pen is supplied in a Pierre Cardin foil pouch for protection but you can also choose from a range of luxury presentation boxes.

PARIS

## Avignon Ballpoint Pen

Etched and hand-filled with black enamel, the Avignon Ballpoint Pen is as much a work of art as it is a fine writing instrument and will be savoured by those who appreciate fine craftsmanship and style without compromise.

Each pen is finished in highly polished chromium plating, with heavy gauge brass as the base metal. The clip is machined from a single ingot of brass, triple-plated and fastened to the body of the pen using tiny concealed rivets. The twist-action mechanism carries Pierre Cardin's signature movement that eliminates the tendency to retract during prolonged writing. Excellence will also be found at the beating heart of the pen – the refill.

Pierre Cardin's long case refill is charged with German Dokumental™ ink and fitted with a tungsten carbide tip that provides in excess of four thousand linear metres of writing.

A plain panel is provided alongside the clip for personalisation or branding and we recommend laser engraving, chemically blackened to match the black etching on the pen casing. It looks simply stunning. Each Avignon Ballpoint Pen will be supplied in a Pierre Cardin-branded foil sleeve for protection, but we also offer individual presentation.

PARIS

## Clermont Ballpoint Pen

With its flawless coating of precious enamel and triple-plated chromium accents, the Clermont Ballpoint Pen is as exquisite as it is a timeless classic. It features a brass casing, twist-action mechanism and longcase refill for a lifetime of writing pleasure.

Its enduring style makes it the ideal gift for all occasions. Branding or personalisation can be by way of printing or laser engraving to the barrel or upper body.

Each Clermont Ballpoint Pen will be supplied in its own Pierre Cardin-branded foil sleeve for protection but we would highly recommend choosing one of our optional gift boxes for an extra touch of luxury.

## Academie Rollerball

This heavyweight rollerball with its classic lines and hand-machined guilloché finish is the perfect gift where prestige is the primary consideration.

Manufactured from brass with triple-plated accents in gold or chromium that complement the time-honoured casing colours of black and gunmetal, this hand-crafted writing instrument is built to impress.

At the heart of the Academie Rollerball lies a German refill containing Dokumental™ ink and fitted with a ceramic tip that ensures a superbly fluid writing experience.

Branding or personalisation is reserved for the cap, beside the clip and we recommend laser engraving for permanence. However, we also provide a printing service to match Pantone™ colours of your choice.

Each pen is supplied in a branded foil sleeve for protection but you can also choose from a range of Pierre Cardin presentation cases.

## Chamonix Ballpoint Pen

Classical in style, the Chamonix Ballpoint Pen from Pierre Cardin is meticulously crafted from brass for a lifetime of writing pleasure. There is a choice of chromium or gold plating to the upper part, clip and nosecone and the lower casing is coated in a durable high gloss black enamel.

The twist-action mechanism houses a longcase brass refill, filled with German Dokumental™ ink and together with a Swiss tungsten carbide tip you can expect to experience over four thousand linear metres of faultless performance.

Each pen will be provided with a Pierre Cardin-branded foil sleeve for protection but you can also choose from our range of optional branded gift boxes for an extra touch of luxury.

SLIMLINE SOPHISTICATION

Pierre Cardin®  
PARIS

Moulin Range

These slimline writing instruments are manufactured from heavy-gauge brass and triple-plated in chromium for extended life. The outer casing is extensively hand-worked to provide a luxurious and timeless unidirectional guilloché finish that contrasts with the bidirectional and finely hand engraved cross-hatching atop each pen. The clips are machined from a solid brass extrusion, individually hand polished and triple-plated to match the outer casing of each pen and connected to the upper part using a spring-loaded hinge mechanism – a masterpiece of miniature engineering. Each cap is individually adjusted so that it is perfectly paired with its corresponding barrel to ensure a precision fit between the two parts.

The Moulin Ballpoint Pen and Rollerball are supplied with a high-quality refill containing German Dokumental™ ink and a Swiss tungsten carbide tip for extended life, while the Moulin Pencil includes high-quality 0.7mm Japanese HB lead.

Our Moulin range can be supplied individually or as an impressive boxed set.

If you require branding or personalisation we suggest laser engraving for longevity but we can also print Pantone™ colours of your choice. A smooth branding area is provided adjacent to the clip.

## Montfort Range

Classical masterpieces of time-honoured elegance, the Montfort Ballpoint Pen and Fountain Pen by Pierre Cardin are the ideal gift for discerning clients where traditional values are of primary importance. Manufactured from brass and finished in precious enamel, these pens are designed to last for a lifetime of enjoyable writing. All non-enamelled parts are triple-plated with chromium.

The Montfort Ballpoint Pen is supplied with a longcase metal refill with medium point tungsten carbide tip capable of writing over four thousand linear metres, while the Fountain Pen comes with a cartridge with either blue or black German Dokumental™ ink.

Should you require personalisation or corporate branding, the Montfort Range can be colour printed or laser engraved to meet your requirements.

Each pen is supplied individually in a Pierre Cardin-branded foil sleeve but you may also choose individual presentation boxes or perhaps a boxed set for ultimate prestige.

BE INSPIRED

Pierre Cardin®  
PARIS

## Fontaine Range

Manufactured to Pierre Cardin's uncompromising standards, this Ballpoint Pen and Mechanical Pencil are made from hand-polished brass and available in either double electroplated chromium or lustrous resin.

The Fontaine's majestic finish is complemented by all-metal polished chromium accents comprising the clip, nosecone and ferrule. At the heart of the pencil lies high-quality 0.7mm Japanese HB lead, while the ballpoint pen features a brass refill containing German Dokumental™ ink and Swiss tungsten carbide tip for extended smooth writing beyond four thousand linear metres.

A defining feature of this range is the smooth locking mechanism, only possible because each cap is adjusted individually by hand to pair precisely with each barrel - a unique feature of Pierre Cardin pens.

For personalisation or branding, both the upper part and barrel can be printed, or we recommend laser engraving for marking that will last as long as the pen. If you do not require one of the optional presentation boxes from Pierre Cardin your pen will be supplied individually sleeved in Pierre Cardin's foil sleeve for protection.

## Opera Ballpoint Pen

Slim and elegant brass pen finished in a range of sumptuous pearlescent enamel finishes with hand-plated chromium accents of the clip and central ring. The elegantly curved clip features Pierre Cardin branding while the pen's twist-action mechanism houses a metal refill with tungsten carbide Swiss tip and German Dokumental™ ink that will continue writing for in excess of two thousand linear metres.

The Opera Ballpoint Pen is rigorously tested by quality control prior to despatch to ensure all specifications and finishes comply with Pierre Cardin's exacting standards. Each pen will be supplied in our branded foil sleeve for protection should you not require any of our display boxes.

Personalise the Opera Ballpoint Pen with a laser engraved message, revealing the brass base metal, or opt for screen printing with our Pantone™ colour matching service.

## Tournier Range

The Tournier Range is characterised by hand-engraved grid lines to the barrel and plain upper parts for unrestricted branding or personalisation: a delicate balance of design ingenuity and practicality.

Manufactured from brass throughout and triple chrome plated for superior protection, these pens are clearly designed to be a lifelong companion. The Tournier Ballpoint Pen and Rollerball are supplied with a refill featuring German Dokumental™ ink and a Swiss tip for ultra-smooth writing. The Tournier Fountain Pen is fitted with a refillable converter unit, although cartridges can also be used.

Each pen can be supplied separately in a branded foil sleeve or as a set of two or three in a luxury presentation box.

## Biarritz Ballpoint Pen

Twist-action Ballpoint Pen manufactured from highly-polished brass and chromium plated on all external parts. The distinctive feature of this pen is its precision-machined diagonal guilloché pattern on the barrel prior to electroplating.

This machining process is slow and exacting and requires considerable skill, but the visual result is stunning. The Biarritz Ballpoint Pen is complemented by a brass refill containing German Dokumental™ ink and Swiss tungsten carbide tip, capable of writing an astonishing four thousand linear metres.

For personalisation or branding we recommend engraving or printing on the upper part beside the clip. Each pen is supplied in a Pierre Cardin individual foil sleeve for protection, but gift boxes are available on request.

## Bayeux Ballpoint Pen

With its fluted barrel and satin black enamel finish, the Bayeux Ballpoint Pen is a timeless writing instrument that suits every gifting occasion. The outer casing is hand-drawn from a heavy gauge brass tube which is augmented by chromium plated details on the clip, central ring and nosecone. The clip is forged from a solid ingot of brass prior to hand polishing and then electroplated in lustrous chromium.

The tungsten carbide-tipped refill and high-capacity chamber will produce a writing length in excess of two thousand linear metres and its German Dokumental™ ink ensures smooth flow and permanence of colour for archival quality.

The cap of the Bayeux Ballpoint Pen is reserved for branding or personalisation and we recommend laser engraving for optimum longevity.

Alternatively, you can choose Pantone™ colours of your choice for printing.

We supply this pen inside a Pierre Cardin branded foil sleeve for protection but you can also choose from a range of display or presentation boxes.

## Classic Script Ballpoint Pen

Universally popular Ballpoint Pen to suit every occasion because of its classic style and colour range. It fits easily in the pocket and is the go-anywhere workhorse of the Pierre Cardin range.

This is an all-metal push-button writing instrument with anodised aluminium barrel and finely brushed stainless steel upper body. The longcase refill writes for an astonishing four thousand linear metres, contains German archival-quality Dokumental™ ink and is available in either black or blue ink.

The barrel and upper body can be printed or laser engraved, should you require branding or personalisation. Each pen will be supplied in a Pierre Cardin-branded foil sleeve for protection but you can also choose from a range of gift boxes for that extra touch of luxury.

## Clarence Stainless Steel Ballpoint Pen

Twist-action Ballpoint Pen manufactured from grade 304 austenitic stainless steel, with added nickel for greater resistance to hand creams, oils and perspiration, unique to Pierre Cardin pens.

After machining, each pen is manually hand-brushed to provide a fine horizontal grain texture that complements the polished accents of the clip, tip and central ring. Each Clarence Ballpoint Pen is fitted with a refill containing German Dokumental™ ink, brass tube and Swiss tungsten carbide tip for extended life.

For personalisation or branding that will endure throughout the life of the pen, we recommend engraving on either the barrel or the top, beside the clip. Alternatively, you can avail of Pierre Cardin's Pantone™ matching service for those important corporate colours.

Each pen is supplied in a Pierre Cardin individual foil sleeve for protection but can also be supplied with a choice of optional presentation boxes.

## Beaumont Roller

The timeless classic style of Pierre Cardin's Beaumont Roller makes it a firm favourite with those who value traditional design coupled with smooth writing.

The Inkredible™ medium tip roller refill is an absolute joy to write with and no matter what your writing style, the pen simply glides across the page. It is manufactured from polished aluminium, anodised and dyed to provide both protection and an au courant aesthetic.

The barrel and cap are suitable for both laser engraving and printing in Pantone™ colours of your choice. Each pen will be supplied in a Pierre Cardin-branded foil sleeve for protection but you can also select from our range of presentation boxes should you desire.

## Versailles Ballpoint Pen

Manufactured from the highest purity aluminium, this pen undergoes an electrolytic passivation process to create an oxide layer on the surface to a thickness of 10 microns and is then dyed in a range of colours.

The colours are locked in by a chemical sealing process and the resultant finish is both vibrant and durable. It is an ideal surface for bonding to printing inks and also for laser engraving if you require branding or personalisation.

Each pen is supplied with a long life refill containing German Dokumental™ ink and a writing length in excess of two thousand linear metres - up to five times the life of similar unbranded pens. Should you not require any of Pierre Cardin's optional gift boxes, the Versailles Ballpoint Pen will be supplied in a branded foil sleeve for protection.

## LaFleur Ballpoint Pen

Designed by Pierre Cardin to represent understated elegance, the LaFleur metal Ballpoint Pen is ideal for corporate branding with its dazzling array of popular colours and large uninterrupted print area. Manufactured from aluminium and coated in specially formulated enamels, this pen is suitable for both printing and laser engraving. Your brand or advertising message can be printed to match any colour and laser engraving produces a neutral satin silver effect to complement the chromium appointments of the clip and nosecone.

The LaFleur Ballpoint Pen is supplied with a long-life refill containing archival-quality German Dokumental™ ink and fitted with a precision tip for smooth writing. Each pen will be supplied in a Pierre Cardin-branded foil sleeve for protection if you do not require presentation boxes.

## Avant-Garde Roller

Available in a panoply of vibrant à la mode colours, the Avant-Garde Roller is ideal for those gifting occasions where a contemporary look is required. Each pen is manufactured from high-impact Terpolymer and coated with a metallised UV lacquer – the industry's most recent development in decorative finishing.

You will also find the latest technology incorporated in the refill with its ground-breaking Inkredible™ ink that enables the pen to effortlessly glide as you write. It is sure to rekindle the joy of writing. The Avant-Garde Roller has been designed to offer a very large branding area and corporate colours can be matched and printed to your requirements.

Each pen is supplied in a clear Pierre Cardin-branded cellophane sleeve for protection.

## Fashion Ballpoint Pen

Moulding using seamless injection tools and the latest lean manufacturing processes allows Pierre Cardin to offer a top brand at competitive prices for the promotions market without compromising on quality. The body of the pen is moulded from high grade Terpolymer for high impact resistance and then coated in a two-stage process with paint pigmented with metallic particles (with the exception of the white and black versions).

At the heart of the pen lies a large refill with tungsten carbide tip and German Dokumental™ ink that will write for two thousand linear metres – approximately five times longer than unbranded plastic pens. The pens are supplied in Pierre Cardin boxes of 100 pieces and branded clear cellophane sleeves are packed separately.

Milano Business Card Holder is available in black and red.

Milano Business Card Holder with open fastening.

## Milano Business Card Holder

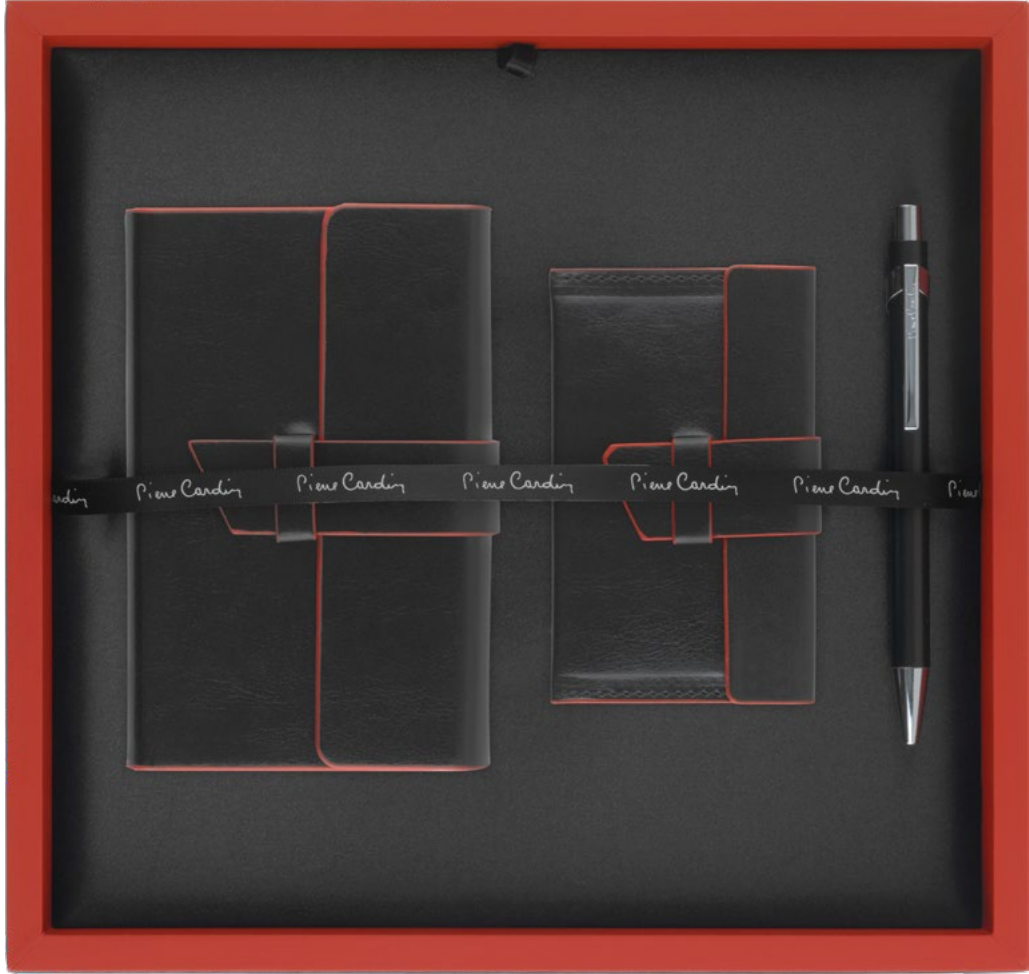

The Milano Business Card Holder has been developed to combine contemporary design with everyday usability. Release the closure strap to open the suede-lined pouch and access your business cards or store those of your contacts. The quality and craftsmanship speak for themselves, helping you make a great impression at any meeting or function.

Manufactured from the highest quality PU, the Milano Business Card Holder has the appearance and feel of leather without the ethical quandary of using an animal product. Choose from noire black or passionate crimson, each finished with opposing coloured trim. Flip the card holder to note the debossed Pierre Cardin branding on the back – your assurance of quality and integrity.

Personalisation is available by way of debossing or screen printing.

## Geneva Collection

From the tranquil banks of Lake Geneva to the foot of the imposing Alps, the cosmopolitan city lends its name and style to our prestigious Geneva Collection. Red stitching embroiders executive black to instil the range with the spirit of the “smallest of big cities” – sophisticated and understated yet influential and ready to do business.

Geneva Conference Folder contains a stand for your mobile phone or tablet and storage pockets.

Geneva  
Conference Folder

The Geneva Conference Folder combines form and function in a beautiful, design-led executive gift. From the stitched red trim to the complementary textures of leatherette and suede, the attention to detail and quality of manufacturing is immediately apparent, allowing you to make a statement wherever it accompanies you.

The Geneva's function extends to the integrated phone stand, transparent phone pocket, elasticated storage loops and business card holder. An A4 pad of lined ivory paper awaits your thoughts, with a pen loop to ensure a writing instrument is always at hand.

The cover of the Geneva Conference Folder can be personalised with a beautifully debossed design or printed image as the ideal way to extol a brand or message.

## Geneva Conference Folder with Power Bank

Carry the legacy of a fashion icon with the Geneva Conference Folder and Power Bank. Enjoy a marriage of leather-feel PU and soft-touch suede, complemented by striking red stitching and subtle Pierre Cardin branding.

The Geneva Conference Folder is about more than beatific looks. It features a pop-up stand for a tablet or phone, elasticated loops to hold accessories, storage for multiple business cards and a transparent phone pouch. The replaceable notepad comprises A4 lined paper and is accompanied by an elasticated pen loop.

The integrated power bank is truly incorporated into the design, a discrete power button on the back of the folder and a row of blue LEDs the only indication of the 4,000 mAh of charging capacity available for your phone or tablet.

Add a debossed message or digitally printed design for a personalised gift sure to make a lasting impression.

## Geneva Wireless Charging Mouse Mat

Utilising the latest in Qi-enabled wireless charging technology, the Geneva is the mouse mat of the future. Not only does it sport a smart contemporary design, it can be used to wirelessly charge any smartphone that supports the feature. Plug the included USB cable into a computer or laptop and the other end into the Geneva Mouse Mat. A red LED light indicates it's ready to go. Then simply place your phone on the charging surface to boost your battery – a blue LED lets you know charging is underway.

The charging surface can even be raised using the integrated pull-out stand and is the perfect angle for viewing your phone while it charges.

The Geneva Wireless Charging Mouse Mat is made from synthetic leather with a matt black finish, red stitched trim and debossed Pierre Cardin branding to add allure to any desktop. Our personalisation service allows your message to be debossed, digitally printed or screen printed to multiple branding areas.

Pierre Cardin branded phone support.

## Exclusive Collection

The Pierre Cardin Exclusive Collection is designed to quietly impress with its attention to detail and matt black elegance. To us, exclusivity means not only a cut above the everyday, but the ability to be aspirational and inspirational without trying too hard. The Exclusive Collection makes a statement that speaks for itself.
